About Submit-Manuscript.Org

Submit-Manuscript is a cloud technology solution for managing and publishing conferences online. Submit-Manuscript has a very flexible conference management, designed to help conference organizers and simplify the managerial tasks associated with managing conferences, while increasing record keeping and efficiency of the editorial process. This project aims to improve the quality of the papers of the conference through innovations with a transparent policy process.
Flow and System Description

Conference Manager

- Logs into Web Application Account to create and manage conferences
- Create a Conference to determine the scope, category, schedule, terms and conference reviewers
- Manage Conferences to team collaboration, setting up categories, schedule and activity guidelines
- Manage Papers to edit, forward to reviewer and determine paper decisions
- Manage Registrations to set up facilities, terms of fees and validation of payments
- Manage Reviewer Database and Assignments to invite, assign and delete reviewers
- Open Chat for real-time communication and email notification with the author

Reviewer

- Receive Invitation Emails to agree or decline the review invitation
- Logs into Web Application Account to review papers or access review history
- Evaluate papers to review and forward papers to the conference manager

Author

- Logs into Web Application Account to submit and manage papers
- Submit Papers to team collaboration, define conferences and categories, prepare abstracts and papers
- Manage Papers to edit papers
- Complete Registration according to conference policy
- Open Chat for real-time communication and email notification with the conference manager

Submit-Manuscript.Org
User Guide for Reviewer

1. Reviewing Papers

1.1. Login

1. Open the invitation link for the reviewer on the Submit-Manuscript.Org Web Application system email according to the desired response (Accept / Decline / Unavailable).

If you do not have an account in Submit-Manuscript.Org, system will create an account for you and you will receive your login information as well in the email.
2. Logs to account using your email address and password, then click the “Login” button. You can reset your password, if you forget the existing account password, click the "Forget your password?" Link.
3. Enter the email address for the previously registered account, then check the checkbox “I'm not Robot” and click the "Send Reset Password" button. A password reset email will automatically be sent to the registered email address.

The email password reset email information pop up has been sent successfully, you can reset the password via the email that was sent.

Click the "Ok" button to finish.

4. Perform password reset by clicking the "Reset your account" button or clicking the activation link provided in the password reset email that has been sent.
1.2. Reviewing Papers

1. Click the dropdown “As Reviewer” then click the "My Review" menu or the "My Review Tasks" link on the dashboard. Click the "View Abstract" link to review the participant's paper abstract and select the review assignment approval decision by clicking the "Agree / Decline / Unvailable" link.
Click the "Chat with Organizer" link to connect directly with the conference organizer > Click the "Download initial file" link for the participant's paper to download the file > Click the "Review / Edit" link to evaluate the participant's paper.

2. Fill in the paper review data on the form according to the information required > Click the "Select File Change" button to load the review file from the user's device > Click the "Upload Now" button to upload the review file > Click the "Submit Review" button to complete the paper review participants.

*An email notification of the review results will automatically be sent to the reviewer and conference manager.
3. Accidentally handling click submit review results. Click the "Yes, Commit and Finish Review" button to continue the submission.
